

NUTRIWAY® Fibre Blend Chewable Tablets

NUTRIWAY Fibre Blend Chewables contain 10 different types of fibre. This blend provides 1.7 grams of both soluble and insoluble fibre per tablet. Fibre is vitally important to the health of our digestive system and for people of all ages. It is important to maintain digestive regularity and for maintaining health and well-being. Fibre is better known as roughage or bulk and is only found in plant foods. It is the part of plant foods that our bodies cannot digest.

Always read the label. Use only as directed. If symptoms persist see your healthcare professional.

FREQUENTLY ASKED QUESTIONS

Q. I'm not sure if I need a fibre tablet.

Leading health organisations recommend between 20 and 35 grams of fibre every day for adults. The average person is usually unable to get the recommended amount daily. If you think you are not getting adequate fibre in your diet supplementing with a fibre tablet daily may be just the support your digestive system needs.
