

NUTRIWAY® Omega-3 Complex

NUTRIWAY® Omega 3 Complex helps support a healthy heart utilising the benefits of EPA (eicosapentaenoic acid) and DHA (docosahexanoic acid)—both naturally sourced from deep water ocean fish. Research has shown these two fatty acids together are essential to help maintain heart health in a healthy individual.

Always read the label. Use only as directed. If symptoms persist see your healthcare professional.

KEY PRODUCT MESSAGE

YOU DON'T HAVE TO LIKE FISH TO LOVE THE BENEFITS THEY OFFER YOUR HEART

FEATURES AND BENEFITS

- Contains EPA (Eicosapentaenoic Acid) 180 mg and DHA (Docosahexaenoic Acid) 120 mg. These are essential fatty acid that may be missing in the diet and may help to maintain normal blood cholesterol for a healthy heart.
- Naturally-sourced vitamin E added helps prevent oxidation of Omega-3 fatty acids.
- May help to temporarily relieve symptoms of arthritis.
- No artificial colours or preservatives.
- No added dairy, gluten, yeast, sugars or lactose.

POTENTIAL CONSUMERS

Anyone who:

- Is interested in supporting a healthy heart.
- Is not eating foods rich in Omega-3 fatty acids EPA and DHA from ocean fish such as tuna, salmon and sardines.
- Is on a diet with reduced dietary fat increase consumption of fibre-rich foods, and regular exercise.
- Wants to maintain normal cholesterol levels and a healthy heart.
- Suffers from the pain of arthritis.
- Is pregnant (especially in the Third Trimester) or breastfeeding. (DHA, an Omega-3 compound, plays a role in the normal function of eyes and brain).

DOSAGE

Each capsule provides approximately the same amount of Omega-3 fatty acids (EPA and DHA) as 30 grams of salmon, tuna or sardines. It is recommended to take up to six capsules a day, preferably with meals.

FREQUENTLY ASKED QUESTIONS

Q. Is this product recommended for pregnant and nursing women?

A. Yes. Research has shown benefits of including Omega-3 fatty acids in the diet of pregnant and nursing women.

Q. How can fish oils alleviate arthritis pain?

A. Fish oils (18 grams per day) may temporarily alleviate the pain of arthritis by reducing arthritic inflammation.

Q. What foods contain Omega-3 fatty acids?

A. Omega-3 fatty acids occur naturally in oily fish (tuna and salmon). It is also present in linseed oil, some nuts (walnuts), egg yolks and green leafy vegetables, but in a less bioavailable form than Omega-3 derived from fish.

UP SELLING

NUTRIWAY DOUBLE X®

NUTRIWAY DOUBLE X is our premium plant-based vitamin/mineral/phytonutrient product. DOUBLE X offers an exceptional nutritional foundation for people who understand the many benefits provided by vitamins, minerals, and plant concentrates (phytonutrients). With a broad base of essential nutrients, DOUBLE X helps fill in the nutrient gaps that exist in most people's diets.

NUTRIWAY Concentrated Fruits & Vegetables

NUTRIWAY® Concentrated Fruits & Vegetables is a phytonutrient formula that captures crucial phytonutrients from natural fruits, vegetables, and plants—enough to equal the phytonutrients found in 10+ servings—in just 2 easy-to-swallow tablets. This source of nutrients helps bridge the “phytonutrient gap” in our diet.

NUTRIWAY®
BEST OF NATURE. BEST OF SCIENCE.
